CONDITIONS OF SALE

FIRST - Horses are offered for sale according to the laws of the State of VIRGINIA. The highest bidder will be the Buyer. Immediately after the horse is designated as sold, the bidder recognized as the Buyer by the auctioneer will be presented with a Buyer’s Agreement. The Buyer’s Agreement will show the Hip number, name of the horse, and the selling price. The Buyer must immediately and legibly complete the required information and sign this agreement. The Buyer shall present picture identification (such as a driver's license) to confirm information to auction staff at time of signing. Presentation of the Buyer’s Agreement to anyone other than the bidder recognized by the auctioneer will not entitle that person to right, title, or ownership of the horse.

If any dispute arises between two or more bidders, the horse in dispute shall immediately be put up again for advance bids. If there be no advance the horse shall go to the person from whom the auctioneer recognized the last bid. The auctioneer will decline any bids made by parties who have defaulted in former purchases or by persons who in his judgment, are not responsible bidders. Rights of consignors to bid are reserved unless otherwise announced. Consignors may authorize auctioneer, or others, to bid on their behalf. If a consignor does not wish to sell their horse they must hold the final bid through the auctioneer or otherwise.

SECOND - BUYERS ASSUME ALL EXPENSES AND RISKS ON HORSES AFTER THEY HAVE BEEN STRUCK DOWN TO THEM. Professional Auction Services, Inc. (PAS, Inc.) recommends that the buyer obtain Full Mortality Insurance on horses immediately after purchase, however, this decision and risk rest solely with the buyer. Upon receiving payment for the horse the cashier will issue a two part receipt. Buyer must present the pink copy of this receipt to SECURITY at the time the horse is removed from the grounds. All horses must be removed from sale ground by NOON, SUNDAY, July 18, 2010. Failure to remove the horse for any reason will obligate the buyer to pay all costs associated with board, transportation and security of the horse. Security charges of $20 for every hour past noon will apply.

THIRD - A BUYER’S PREMIUM OF 7% OF THE FINAL BID PRICE WILL BE CHARGED TO THE BUYER ON EACH HORSE SOLD. This Buyer’s Premium will become part of the purchase price and will be subject to sales tax.

FOURTH - PAS, Inc. may distribute or publish the results of this sale in publications or post the results on its web site including such information as the price and buyer’s name.

FIFTH - Terms of sale are cash and payment in full must be made immediately after the sale is over. Pay the cashier in all cases. Payment may be made in the form of cash, personal or business check with proper identification, cashier’s or certified check, valid traveler’s checks, Master Card, Visa or American Express. Checks must be made out to PROFESSIONAL AUCTION SERVICES, INC. In no case may any part of the purchase price be paid direct to the consignor by the purchaser and such valid or entitle the buyer to obtain the horse. ALL SALE TRANSACTIONS MUST BE MADE THROUGH THE PAS, INC. SALE OFFICE. Virginia Sales Tax of 5% will apply to all purchases unless purchaser is properly exempt. Buyer agrees not to stop payment on check for any reason. A charge of $50.00 will be made on any check that is returned.

SIXTH - If any person shall purchase an animal and not pay for it as prescribed above, the sale management or consignor shall have the right to resell the animal or at their option bring legal action in which event buyer agrees to pay all cost of such suit together with reasonable attorney fees as fixed by the court. In the event of resale the defaulting buyer agrees to pay all costs of resale and price deficiency, if any. Interest of 1-1/2% per month will be charged on the unpaid balance of any account not paid for as set forth in these conditions.

SEVENTH - All registration papers will be withheld by the sale management until all checks clear the bank (21 days) at which time they will be mailed, with completed transfer reports to AQHA for Quarter Horses,
and to the buyer for other breeds. NOTE: If any buyer desires to obtain papers immediately, the horse or horses must be paid for with cash, cashier's or certified check, or personal check accompanied by a Letter of Guarantee issued by your bank. Please call PAS, Inc. office for letter format.

EIGHTH- Every effort has been made to assure correctness of the catalog but Professional Auction Services, Inc., the sale management and auctioneer are not responsible for errors or omissions and assume no liability on the part of the seller as to any such statements, either verbal or written regarding horses sold. All statements and corrections at the sale will supercede the catalog.

NINTH- PAS, Inc., it's auctioneers and clerks do not act for or represent the buyer or seller, but merely provide a medium for bringing together the buyer and seller for the purpose of sales transactions. PAS, Inc. and sales personnel assume no responsibility whatsoever to anyone for blemishes, defects, the physical condition or health of any horse and make no warranties or representations of any kind in the sale and hereby SPECIFICALLY WAIVE ALL IMPLIED WARRANTIES OF FITNESS AND MERCHANTABILITY. ALL RESPONSIBILITY LIES BETWEEN THE CONSIGNOR AND THE BUYER.

TENTH- Buyers and spectators are cautioned to be careful while on the grounds and particularly while horses are being sold or shown in the sale ring. THE SALE MANAGEMENT IS NOT RESPONSIBLE FOR ACCIDENTS.

ELEVENTH- Virginia Horse Center assumes NO responsibility for the sale or for accidents on the grounds.

TWELFTH- Broodmares will be guaranteed only to have been bred to stallions as indicated. Any purchaser of a broodmare sold in this sale may have the mare examined by an acceptable veterinarian within 12 hours after the start of the sale and before the horse leaves the sale premises. Any broodmare so examined whose pregnancy or breeding soundness status is found not to be as represented at the time of sale, may be returned to the consignor as unsold, and the consignor shall pay the veterinarian’s fee for the examination. Otherwise, no guarantee is made of pregnancy status or eventual foaling unless made specifically by consignor. No return privileges or live foal guarantees accompany mares unless stated by consignor with proof in writing of such agreement issued by stallion owner.

THIRTEENTH- Bidding - there shall be an upset price of $1,000 on any horse or pony offered. If an opening bid of the upset price is not received the horse or pony shall be led out as unsold. Minimum acceptable advances in bidding are $50 to $5,000 and $100 thereafter.

FOURTEENTH- Consignor has the responsibility to notify the sales management in writing prior to the sale of any unsoundness of any nature known to him and they will be announced at time of sale. BUYER HAS THE RIGHT TO HAVE A LIMITED POST PURCHASE EXAMINATION BY A VETERINARIAN WITHIN 12 HOURS OF THE START OF THE SALE AND BEFORE THE HORSE LEAVES THE SALE PREMISES. If a qualified veterinarian finds the horse not to be sound for the advertised purpose, the consignor will accept the return of horse as unsold and hereby authorizes Professional Auction Services, Inc. to refund the purchase price. This examination will be limited to moving the horse for soundness on riding horses or show horses of any type, and checking the reproductive tract on breeding horses, as well as checking for conditions as stated in Condition Fourteenth. Positive reaction to flexion tests and hoof testers does not constitute unsoundness, if the horse is moving sound. These tests should be a part of a prepurchase examination. THE BUYER HAS THE RESPONSIBILITY TO EXAMINE HORSES BEFORE BIDDING.

FIFTEENTH- The consignor has the responsibility to notify the sales management in writing prior to the sale of the fact that the horse is a CRIBBER, a WEAVER, UNSOUND OF EYES or WIND, PARROT MOUTH for mares and stallions only, a CRYPTORCHID, MONORCHID or
RIDGLING, has been NERVED, has FOUNDERED prior to the sale, has a LAMENESS DUE TO a navicular disorder, osteoarthritis of a joint or other bone abnormality or neurological disorder including, but not limited to, EPM or wobbles. Mares and stallions will be exempt from the lameness provision as stated above if they are represented only as breeding animals. If a buyer discovers such a condition in the horse which was not stated to the sales management by the consignor, as required and specified above, and NOT stated in the catalog or announced at the time of the sale, and the horse had such a condition at the time of sale, the buyer may have grounds to reject the horse. The buyer must deliver to Professional Auction Services, Inc. a WRITTEN STATEMENT FROM A QUALIFIED VETERINARIAN within five (5) days of the date of the sale establishing the existence of the condition, IN DETAIL. The veterinarian’s statement shall include a description of the procedures performed during the examination, the results which caused the veterinarian to diagnose the condition, and state how it was determined that the condition existed prior to the sale. If the evidence is conclusive, the consignor agrees to accept the return of the horse and hereby authorizes Professional Auction Services, Inc. to refund the purchase price. If the veterinarian’s statement is inconclusive or is not complete with the information required above, Professional Auction Services, Inc. may disallow the claim and the buyer has the duty to present the horse for examination with the appointed veterinarian in cooperation with the veterinarian’s schedule and has the duty to provide board, necessary farrier and veterinary care, and transportation until the dispute is resolved. The appointed veterinarian shall be within a reasonable proximity to the buyer. If rejection by the buyer is allowed by P.A.S., Inc., the consignor shall pay the cost of services of the appointed veterinarian and the buyer may recover from consignor any direct costs as stated in Condition Eighteenth. Risk of loss passes back to consignor immediately upon notice of decision by P.A.S., Inc. to allow rejection by the buyer and consignor shall immediately make arrangements to take possession of the horse.

SEVENTEENTH- The consignor has agreed not to give the horse any drugs to alter soundness or attitude, unless it is disclosed by a statement in the catalog or announcement prior to the horse being sold. If within five (5) days of the sale, the buyer finds the horse to be unsound for the advertised purpose or makes a claim of misrepresentation of attitude by the consignor and a blood test proves positive for a drug that could mask such a problem, the horse can be rejected by the buyer. For a claim to be valid under this Condition the blood sample must be drawn by the sale veterinarian within 12 hours of the start of the Sale and before the horse leaves the sale grounds. Notification of a claim by the buyer under this Condition must be made to Professional Auction Services, Inc. within
five (5) days of the date of the sale, by a written statement from a qualified equine veterinarian explaining the diagnosis of any unsoundness or explaining the behavior problem. The funds for the horse will be held pending the results of the blood screen.

EIGHTEENTH- In the event a horse is returned to the consignor in accordance with the conditions Fourteenth, Fifteenth, Sixteenth or Seventeenth, the consignor agrees to pay all reasonable costs involved with the sale and return Auction Services, Inc. a WRITTEN STATEMENT FROM A QUALIFIED VETERINARIAN within five (5) days of the date of the sale establishing the existence of the condition, IN DETAIL. The veterinarian’s statement shall include a description of the procedures performed during the examination, the results which caused the veterinarian to diagnose the condition, and state how it was determined that the condition existed prior to the sale. If the evidence is conclusive, the consignor agrees to accept the return of the horse and hereby authorizes Professional Auction Services, Inc. to refund the purchase price. If the veterinarian’s statement is inconclusive or is not complete with the information required above, of the horse, including transportation, board and appropriate sale fees. In the event of legal action over a horse sold in this auction which involves Professional Auction Services, Inc., the Buyer and Seller, jointly and severally, agree to pay all costs incurred by Professional Auction Services, Inc., including reasonable attorney’s fees.

NINETEENTH- The AGE and PEDIGREE given in the catalog for horses selling without registration papers is only approximate and is not guaranteed.

**The Seller** has a responsibility to announce defects, that they know of, in their horses, particularly those that may affect the soundness of the horse for the purpose they are advertised for. What is a defect to one person, may not be a defect to another.

**The Buyer** has a responsibility to examine a horse carefully before they bid on it. If you have any particular concerns about conformation faults or defects, size, attitude, stall manners, riding ability or anything else, check it out BEFORE you bid. If you buy a horse on impulse, without shopping it before you bid, you may expect to find some surprises. In that case you still own the horse. The seller is not responsible for you, if you don't shop the horse. Once you bid on a horse, you are indicating you have shopped enough to satisfy yourself and no one else is responsible.

**Some suggestions:**

- **READ THE CONDITIONS OF SALE** in the catalog. If you have questions, please call the sale management.

- **CALL OUR OFFICE FOR PHONE NUMBERS OF SELLERS TO GET MORE INFORMATION BEFORE THE SALE.** When you have selected some prospects in your catalog, call the sellers before the sale and ask about the horse. It will save time.

- **Make a list**, written or mental, of the things that are important to you in a horse. Think about the good characteristics you want and also think about the vices, habits or characteristics you do not want in a horse. Consider what negative characteristics you can put up with if a horse can serve your primary purpose well. Go through this checklist for each horse you shop. Ask questions and make sure you get the answers. Do this BEFORE you bid, because after you buy a horse you cannot change your mind if you don’t like the horse.

- **What is the purpose for your new horse?** - Show, recreational riding, racing, breeding, etc. Look for a horse that is bred for or trained for the type of use you need.

- **Conformation - Examine the horse carefully** for conformation defects that may affect your use of the horse. Remember, the “perfect” horse has never been found. Decide what characteristics are important to your purpose and make sure these suit you. There are some areas where you may accept some deviations from ideal conformation, if they don’t cause a problem for you.

- **Appearance** - A pretty horse will always get your attention. We tend to fall in love with a horse because of eye appeal, then hope it will suit our purpose. Be sure to look past pretty and see if the horse really suits. Try not to let color be your only criteria. If you want to show or breed for the color breeds, it will be important. The more specific your desire for a certain color, the harder it is to find the right horse for the purpose.

- **Soundness** - Examine the horse carefully for any blemishes that may cause soundness problems. Watch the horse move and watch for lameness. Check the horses eyes for obvious defects. Try to notice if the breathing sounds normal. If you see something that concerns you, either mark this horse off your list or get a veterinarian to examine the horse before you bid on it.

- **Veterinary examination** - Before you buy a horse, you may have a veterinarian examine it in any way you want and the seller will allow. In most cases, a general examination by a veterinarian will do quite well. This would involve a visual examination for defects, watching the horse move, possibly flexion tests and hoof testers and checking the eyes, wind and heart. Some buyers have made arrangements with the seller and a veterinarian to meet early at the sale grounds and allow time for an extensive prepurchase exam, including radiographs. Other buyers have contacted sellers to get a veterinarian to examine the horse before it comes to the sale. REMEMBER, AFTER you purchase a horse the veterinary examination allowed by the Sale conditions is very limited.
BUYER’S RESPONSIBILITY - SOME HELPFUL HINTS

• **Stable Manners** - If this is an important issue for you, then make sure you go to see the horse in the stall. Ask the seller questions about how the horse is in the stall or in the pasture, alone or with other horses, how is it to groom, shoe, clip, load, haul or anything else that concerns you. Also ask about cribbing or weaving. To some buyers these items may not be as important as winning in the show ring. To others, this area may be the most important characteristic to consider.

• **Drugs and medication** - We feel this is not as much of a problem as some people suspect. If you are concerned about a horse being drugged to mask a soundness or performance problem, we can suggest a way to check that, if a problem actually arises. You may have the veterinarian draw a blood sample at the sale, at a small cost, and hold it pending the need to run a drug screen. The cost of a drug screen is estimated to be $100 to $150. If after a week you have not experienced problems, that could have been masked by drugs, the veterinarian can discard the blood. If you have a problem that you suspect was masked by drugs, and you had a sample drawn at the sale, contact the sale management immediately and the account will be held for review. We do not condone use of drugs to misrepresent a horse. If the presence of a drug is found that masked a problem, the seller will get the horse back, if you have notified us in time. Please bear in mind that just because you might not get along with your new horse, doesn’t mean the horse was drugged. Most horses need to adjust to new owners and places, and owners need to adjust to the horse.

• **Riding horses** - Watch the demonstration at the sale. If you are looking for a riding horse make sure the owner’s statement in the catalog says the horse is broke to ride, see it ride or better yet, ride it. If you want a horse for children or beginners, make sure the owner’s statement in the catalog mentions the horse has experience with this type of rider and have the rider try the horse. If you are looking for a show horse, watch the demonstration to see it in a show ring situation and talk to the seller about maintenance and preparation.

• **Breeding horses** - If the owner’s statement in the catalog does not give the complete breeding history, you may contact the seller, as well as checking the appropriate breed association, for additional information. For mares that are not in foal, check for visible defects in breeding conformation. If the seller does not have results of a recent reproductive examination, culture or uterine biopsy, you may want a veterinarian to check the reproductive tract, as much as they can, at the sale and base your decision on that information. For stallions, check for visible defects in breeding conformation. On young stallion prospects check for reproductive maturity consistant with their age and make sure both testicles are down.

• **Inspection** - PAS, Inc. recommends that the buyer obtain Full Mortality Insurance on horses immediately after purchase, however, this decision and risk rest solely with the buyer.

• **WHAT TO DO IF SOMETHING ABOUT THE HORSE WORRIES YOU**. - If you see or hear something about a horse that really worries or bothers you, and you can’t get the answers or information to make you feel comfortable, then “Do Not Buy The Horse.” If there are some things about the horse that make you really want it any way, talk to the Sale manager. If you then don’t have your answers, pass on that horse. There will always be other horses available.

• **LISTEN FOR ANNOUNCEMENTS** like selling "breeding sound only" or "As Is" which mean the horse may not be sound to ride.

• **YOUR PROTECTION IS YOUR RESPONSIBILITY**. Please examine horses carefully before you bid and listen carefully to announcements made while the horse is in the Sale ring.

IT IS THE AUCTIONEER’S JOB TO HELP DETERMINE THE PRICE.

IT IS YOUR JOB TO DECIDE WHICH HORSE TO BID ON.
• **YOUR PROTECTION IS YOUR RESPONSIBILITY.**

• There are inherent risks involved with any equine activity, including riding, handling or viewing horses. Buyer’s, sellers and spectators are cautioned to be careful at any time they are around horses. Professional Auction Services, Inc. and it’s employees are not liable for an injury to or death of anyone attending this event resulting from the inherent risk of equine activities.

• **PLEASE READ AND FAMILIARIZE YOURSELF WITH THE CONDITIONS OF SALE.**

• **ALL RESPONSIBILITY LIES BETWEEN THE CONSIGNOR AND THE BUYER.**

• Prospective bidders are cautioned that warranties on horses purchased are only as stated in conditions Twelfth through Nineteenth.

• **EXAMINE HORSES BEFORE BIDDING.** Veterinary assistance is available on bidder’s request to Auctioneer.

• Buyer has the right to have a LIMITED VETERINARY EXAMINATION WITHIN 12 HOURS OF THE START OF THE SESSION IN WHICH THE HORSE SELLS AND BEFORE THE HORSE LEAVES THE SALE GROUNDS.

• **A PAID RECEIPT OR RELEASE IS REQUIRED TO REMOVE ANY HORSE FROM THE SALE GROUNDS.**

• **DO NOT REMOVE HIP NUMBERS** FROM HORSES BEFORE LEAVING GROUNDS or you may be detained by Security for Verification.

• **ALL SALES OR TRANSACTIONS MADE ON THE SALE GROUNDS MUST BE REPORTED TO AND MADE THROUGH THE SALE OFFICE.**

• **PLEASE LISTEN CAREFULLY TO ANNOUNCEMENTS MADE AT THE TIME THE HORSE IS SOLD, LISTEN FOR CONDITIONS LISTED IN CONDITION FIFTEENTH.**

• "**BROODMARE OR BREEDING SOUND ONLY**" - Not selling for riding purposes. Represented as sound enough to carry a foal or to breed mares.

• **ALL DOGS MUST BE ON A LEASH.**

8  CERTAINLY

Consigned by: Meredith Douthit Maye  Pepperwood Farm, LLC
Hanoverian WITH PAPERS
AHS #840 023039544809
Selected as the highest placed colt at his Hanoverian Inspection. He is by Sir Donnerhall 2006 National Young Horse National Champion and Reserve World Champion Awarded 1c premium and at his 30 day test in Vechta, and won his 70 day test in Adelheidsdorf. Three offspring of Sir Donnerhall sold at the 2009 PSI Auction for an average selling price of 340,000 EUR, including the co-high seller at 550,000 EUR.
Rejoyce is a 5 YR old German Oldenburg Verband Special Premium Mare Candidate. She is a solid black beauty (currently 17.1) with huge ring presence and three outstanding, elastic and powerful gaits. Adored by judges, riders and spectators alike, she is also very comfortable and has a ten mind. She goes to horse shows and never puts a foot wrong, hacks out in company or alone, and loads and trailers wonderfully. While good for clipping, she does require a little something to pull her mane. She is light off the leg and easy in the bridle, possesses the ultimate in a trainable mind, and always wants to work for her rider. On the ground she is both kind and affectionate. Rejoyce has also produced a foal that was awarded Champion Filly of her huge two-day inspection. Horst Bünger, breeder of Anky’s van Grunsven’s Salinero, told us Rejoyce’s filly was “the nicest foal he had seen bred in the USA”. Rejoyce was bred by Angela Barilar of High Point Hanoverians, and was the Born in the USA award winner at 2009 Dressage at Devon as a 4 year old. She won this prestigious award even though she was only under saddle about 4 months at that time. Rejoyce went to the largest dressage show in the country as only her second show and was a performance Diva! See High Point website www.HPHanoverians.com to read about her accomplishments. She missed 3 months training and competing this year for an ingrown hair under her saddle. This is completely healed with no lasting effect. Currently being ridden and ready to show Second level, she is schooling for the 6 yr old FEI tests. With the correct training this is a horse for the Big Arena and should be brilliant next year in the 6 yr old FEI competitions!
A 16.2 hand refined daughter of Samarant, this brilliant 4 year old mare is a German Oldenburg Verband Elite Auction Quality mare however she is American bred. Her granddam is the well known mare Balalaika who was Grand Champion of the breeding division of Dressage at Devon (the first mare to beat all the stallions. Yippi!) who also went back a few years later with her amateur rider / owner to beat all of the top professionals to become overall 4th level Champion at Dressage at Devon. Seranade is classically and correctly started, taking her first steps confidently toward the highest levels of the sport in the big arena. Already qualified for the 4 year old Young Horse Championships at her second show even though she was only started in February of 2010! Scores have been consistently in the 7.5 range with the judges comments "brilliant mare, she just needs a little more experience to get that additional to move her scores consistently in the 8's". Super comfortable, she is an amazing talent with 3 excellent gaits with lots of power and sit already. Hacks out alone or in company. Also free jumps quite well. This is a top selection for a professional or serious amateur. She sells with x-rays of front feet, hocks and stifles - all clean. Recent flexions also are good with a written report from her vet. Her video can be seen at http://www.facebook.com/pages/Riverside-Sporthorses/330934064161?ref=.

Evita is a beautiful back brown imported German Warmblood mare. She is a daughter of the great stallion Epikur, also imported and currently owned and ridden by Amy Swerdlin of Florida. Evita completed her 30 day test at Marbach in Baden-Wurttemberg, Germany with an above average score of 7.19. She has produced two beautiful foals, one from Rosario and one from San Amour, both of which retain striking traits of their sires, an absolute outstanding mare. She is not limited to being just a broodmare she would love to continue her career in showing. Evita comes from an outstanding bloodline, with no holes in her pedigree. Her sire Epikur comes from Espri which has produced great jumping and dressage horses and was Hanoverian Stallion of the Year in 1995. Epikur whom was ridden by Martin Schaudt competed at the international dressage level. Another great offspring was Elvis an Olympic Gold medalist, ridden by Nadine Capellman. On Evita’s dam side, her mother Weihe scored an 8.89 on her 30 days test at Marbach. Weihe is the dam of Kelly Klein’s hunter Oz, who was Champion or Reserve at the Hampton Classic, WEF, Middleburg Classic, Wellington Classic, and more. She is by the great sire Werther, the first Hanoverian Stallion of the Year in 1992. Evita has all the great makings and traits of her pedigree to fulfill her future potential of a great horse as either a broodmare or competition horse. This mare has it all! He continues his career in Great Britain and has six sons that have been licensed. The dam, Evita, comes from the oldest state stable in Germany. Her line is from Epikur and other great German sires such as Werther and Weltmeyer. Rosenzauber is a late two year old chestnut filly born June 20, 2008. She is a beautiful mover with grace and attitude. Seemingly floating above the arena as she trots on the lounge line with balance and poise. Her mother, Evita, who is also for sale, was sired by Epikur, an outstanding dressage horse that was shown at the international level. Rosenzauber's combination of traits from her sire and grandsire make her a very interesting prospect for the demanding dressage rider and a great investment. She is currently 16 hands tall and still growing.

This is a stunning, athletic, gelding, who enjoys to be watched. He is schooling 2nd / 3rd level dressage, with lovely and fluid half passes. He is schooling flying lead changes and once confirmed his tempi changes are going to be big, active and fancy! He has a naturally set rhythm and will make a super freestyle partner. Boris is light in the bridle and forward off of the leg without being flighty. He is best suited for an Amateur or Junior who is looking for their competitive medium level horse, someone who is looking to get their medals, or the Junior who would like to compete at the Junior Young Rider level. He does need a rider who has a certain amount of feel and finesse, due to his light, sensitive nature.
